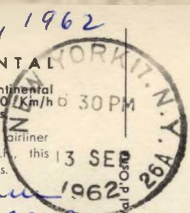
Boeing 707 INTERCONTINENTAL

Quadriréacteur géant de 140 tonnes, l'Intercontinental peut emmener 180 passagers. Il assure à 1000 Km/h toutes les grandes liaisons transocéaniques.

The giant 140-ton four-engined intercontinental jet airliner can carry 180 passengers. Flying at 600 m.p.h., this plane operates on all major transocean routes.

Ref. 21.455/P. 9-60 - Printed in France - Imp. du Val d'Oise



Dearest Papa - I am thinking of you all the time as we fly to New York - I miss you terribly already! - I had such a beautiful summer, I shall never forget it - I will have from it the happiest memories of my life! - I hope you are being industrious in Paris, I wish you much "merde" for your Scandinavian tour - Thank you for the photos, I love them both! and don't forget me! Your own little daughter Lili
