Dear Mr. Koons,

I am still thinking about the definition of Music, "the Mystery" because up to now I have always been following the ~~side~~ of music which makes it so definitely mysterious.

I was always an enemy of literature ~~which tried to~~ about ex-~~plain~~ music, as music itself is a universal language which ought to be clear~~ly known~~ and ~~accepted~~ understood by every-body in his own way. Therefore, I am sorry not to be able to contribute any word of intelligence to your very interesting plan, for which I wish you

Yours truly,
