Nela and Artur Dears:-

We got such a glow out of receiving you kind holiday wire. Thank you so very much.

Bonnie joins me in the hope that all goes beautifully well with all of you.

Perhaps you may not have heard that I am about to wind up my association with Loew's-MGM. My last day is March 8, 1958, following which Bonnie and I shall take a four weeks holiday, probably on a very fancy cruise ship. There are no definitely consummated commitments for what will follow.

We send you our warmest greetings together with our best wishes for the most wonderful New Year ever, during which may God grant us the pleasure of some time with you two.

Meanwhile, thanks again and much, much love.

Devotedly,

JOHNNY
