Dear Maestro:

On the eve of Independence Day everyone warmly reminisced on your most beautiful concert at this time last year. And on Independence Day, the concert was again televised, making the memories we had that much more vivid.

I do hope that you had a pleasant journey home and that this finds you well. Your visit here was a beautiful occasion for us all.

We prepared a special pamphlet describing the Art and Culture Program for Schoolchildren which I thought you might like seeing; I am also enclosing a new brochure published by the Jerusalem Foundation describing its activities (and noting your participation, no. 81).

With warm personal regards to you and Mrs. Rubinstein.

Yours,

Teddy
