Dear Artur:

Unquestionably, last evening was the greatest musical event in the 23 year history of the Pension Foundation. Your magic kept every person in a state of tension and excitement which I have never seen equaled in the Academy of Music.

Just as soon as the results are in, I shall write you a letter and tell you how much money we have raised.

Kindest regards and best wishes for your continued glorious career.

Sincerely yours,

Paul Rosenbaum
