Dear Mr. Rubinstein,

I am sorry I missed you in New York. I received a rather disturbing cable from Rainer this morning. He informs me that he has scheduled your recital in Venice on the 17th. You mentioned to me that you had asked him to either schedule it for the 15th or not at all since you plan to record on the 16th, 17th and 18th. When I last spoke to you our schedule was as follows:

June 11	record
June 12	concert in Rome-no recording
June 13	record
June 14	record
June 15	afternoon concert Venice and return to Rome
June 16	record
June 17	record
June 18	record

Looking at this one has to chuckle, since it is a typical Rubinstein schedule!

In any case, is there anything that can be done about Rainer's schedule for Venice? It rather badly fouls up our recording plans.

I am leaving New York on June 8th and will arrive in Rome on June 9th at noon. I will find you at the Excelsior when you arrive in Rome. In the meantime, if anything at all can be done about Venice it would be a big help.

Love to all the Rubinsteins,

Mary
