Dear Maestro.

I am writing at the suggestion of Wilfrid van Wyck who is also my husbands personal representative — you may remember that we met at his house-warming party at the new Office — although we had already had the pleasure of driving you & your wife to the 'Savoy' after a Festival Hall rehearsal when you had an attack of lumbago!

We do realise that you do not like to play too often in London or commit yourself too far ahead. but we do desperately need your help with an 'appeal' concert, and should be tremendously grateful if you could possibly play for us —

our 'Appeal' fund was launched at the Festival Hall concert on Feb. 2nd. & we are extremely anxious that we should follow it up with a special 'Gala' performance

CONCERT SOCIETY: The Haydn-Mozart Society PRESIDENT: Sir William Walton, OM
COMMITTEE: Antony Haynes, Chairman Sir Nicholas Sekers, MBE, Vice-chairman Harry Blech, OBE, Musical director
Neil Black Denis Matthews The Lady Ogilvy Ross Randall, Alastair Sedgwick
L. O. Weatherill FCA, Hon. treasurer Katharine Drower, Secretary

in the not too distant future – we cannot afford to let the appeal fail now –

The Albert Hall is available on July 10th, 11th & 13th and we wonder if you could possibly consider playing two concertos – perhaps the Schumann & either a Mozart or Beethoven?

Please do your best to help us – there is no other artist in the world who could possibly replace you!

With best wishes.

Yours sincerely,

Marion Bleck

P.S. If the dates in July are no good but you could suggest any alternative we would do anything possible to fit in at your convenience –
