Dear Mrs. Rubinstein:

We are forming an organization to foster an appreciation for traditional Polish cuisine in the United States, with the full cooperation of Agros, the State Agricultural Monopoly of Poland, and the Polish Ambassador to the United States.

In its initial stage, we hope to establish local chapters of a Polish Gourmet Society in New York, Buffalo, Detroit, Chicago and Los Angeles. These local chapters will open be open to general membership, who will, during the course of the year, sponsor Polish Gourmet Dinners to encourage an appreciation of Polish cuisine.

We would be delighted to have you serve on our national board of directors for the Polish Gourmet Society.

Since you are not presently living in the United States, as a member of the board of directors your duties would, of course, be limited. We would welcome your advice and counsel, and permission to use your name on the Society's letterhead. Should you plan to visit the United States during the coming year, it would be our pleasure to have you and Mr. Rubinstein as honored guests at a Polish Gourmet Dinner.

May we look forward to hearing from you at your earliest convenience?

Sincerely,

Geraldine Raboy
