COURTESY OF BONNIE GREEN

Artur dear:

It's not that I don't love to be engaged to conduct; it's not that the Green family and I don't need me to be engaged to conduct; but why, of all weeks that I might have been engaged, this week has to be my week with the Savannah and Houston Symphonies (back-to-back), God only knows!

In any case, Savannah is where I am, but my love is in Bonnie's hands with specific instructions to deliver it to you. As always, your concerts will be a joy, and my unhappiness is that I am forced to miss them. Warmest embraces to you and Nela, and please remember that one of the kisses Bonnie will give you is mine.

Devotedly,

Johnny
