Dearest Jading Nella
and Arthur, your "hooray," your "you were the greatest
doors speech ever,"
your "we love you." Well,
how wonderful that we picked up Arthur
at La Povellion and
that Danny brought
Neil and us together!
Did you know that
when we came home for
a month after the ceremony - across the big wooden doors was a big, big white horse and "YAY RUTH" was much as all color tissue paper flowers from Flora and Julienne.

Can we see you then for a few days if that's all right? It was adorable! And can we stay with you some other time in June? I will come down from NC. We will come and find you wherever you are in love you.
