PERSONAL

9th October, 1939

Mr.Arthur Rubinstein,
c/o Hurok Attractions,
30, Rockfeller Plaza,
NEW YORK

Dear Arthur,

Your letter to Rex Palmer has been passed over to me as he is on Active Service.

Regarding the accounts, these are somewhat delayed because of the war and reduced staff. Also we are waiting for a ruling as to how the payments can be made in view of the various Government restrictions which have been imposed. I note your address is always c/o Hurok Attractions.

The first half of the Mazurkas were issued in September and the Victor Company have received matrices of the entire set. It takes close on a month for letters to reach us now from abroad, so it is best for you to get in direct touch with the Victor Company while you are in New York.If you write to the Camden office address your letter to Mr.Charles O'Connell,

I hope you will have a successful tour and now and again give a thought to we poor devils over here, who will soon be on rations and food coupons. However, so far we have escaped all hardships and in additions have had a beautiful September of warmth and sunshine.

If you sailed on the United States steamer "Washington" you probably ran up against my little sister Carrie, who travelled by that same boat.

Wishing you all the best and with kind regards to Mrs. Rubinstein, I remain,

Yours sincerely,

B. M. Gaisberg
