Dear Mr. Rubinstein,

I hope you will forgive me for writing you this short note - But I do want to express my admiration of you; and also I do want to tell you how sincerely grateful I am that I had my visit with you in New Haven two years ago I believe - You probably don't remember me, but I am often nostalgic about having met you - I have long wanted to write to you and tell you this, but time was or rather kept getting ahead of me -

Now having seen you on Television the other evening - I couldn't help my nostalgia; and so I do hope you will forgive this note - Incidently I found an address in "Who's Who" -

Very sincerely
Sandra Grant
