Christchurch 17 July 1964

Katie my dearest, I know that the chicks were writing to you so you are "au courant" of our traveling and experiences! – Today is the last concert in N.Z. – We fly tomorrow to Sydney for the 3 concert and then on to Perth – etc. – We are all looking forward to exotic Hong Kong India etc. – This is all very interesting but a bit boring (the whole atmosphere a bit too calm and provincial for our temperaments) Rigid hours of meals – dead Saturdays & Sundays – and such. – Papa has played very well and had an immense success everywhere – The woods in general are very good – The children very sweet – My eyes are the same not worse and in general we all sleep well and are quite rested as the tour is not too hectic. – The children read like fiends – never without a book! How are you my darling? – Lots of kisses from all of us

You et bos Mela
