On Your 80th Birthday

WITH WARM WISHES

July 1988

Kochana Ciocia,

There are warm and special wishes
In this birthday card for you--
A wish for happiness today,
For joy in all you do,
For pleasant days throughout the year,
For peaceful heart's content--
And every wish this brings your way
Is most sincerely meant!

Have a
Wonderful Birthday

Lots of love,

Pamela, Artur, Kasia
+ Jan

Dearest Nela,

I had so hoped that we would celebrate this birthday together. We will be thinking about you on this day and await our reunion for a real toast and celebration. Our Geneva adventure continues. We found the best apartment just a block away from yours, but they would not accept our "candidature", so we must continue searching. I am so grateful to be able to stay in your apartment during our search. It makes life so much easier. Jan has not harmed anything - he respects Aunt Nela's apartment (and he plays on the terrace or in the park most of the time). Thank you so much. I have lots to tell you and await your return. Love, and kisses from Jan,

Pamela
