Kate darling - So there it is: I have reserved the tickets for the children on Am. Airlines - on the 24 March tourist non stop flight to Lockheed (Burbank) arriving there around 5 pm. - They leave here at 9 am - Can you meet them and then take them to Beaumont for till the 10th April Arthur plays the 10 in L.A.

You could then reserve rooms in the little hotel on Crescent for you & the children and we would spend a few days in B.H. - See the Disney land and the friends - I will be 2 or 3 days in the Town House and then probably go with Arthur or stay at Brooks a few more days - I will see there how Arthur feels - If the whole thing is not agreable to you call me immediately or wire so I will change the plans - I can't wait to see you - there is so much I have to tell you - so many things happened - but writing

is impossible – I have no time at all – I have been the cook all the time – the help comes and goes – and no efficiency ever – Mlle is very willing and has been carrying a load of washing dishes – She fixes our breakfast She is a good old soul but talks a streak! – I think the change will do the Kids a lot of good – and space and fresh air and your good care. What is it about your ev. coming here???' –

We have to discuss it
when I come, anything
serious or new? —
My love to you darling
<u>let me know</u> right away
if the plan does not stick
Love to Bob
