Kate dearest – I just can't manage to write to everybody – forgive me for keeping quite such a long time. I am worried about your health. Grama says you look not very well –! What goes on – how long are you going to have to suffer those agonies?! – Eva writes me what a comfort you are at home – she does not have to I know – It also is such a relief for me to have you there!! – I was so nervous this time leaving the house just like that! And so many things happening! – Do give my love to the little ones – I miss them to distraction – I never want to be away from them for so long. I am getting old – I must say though That Sitter has been wonderful to me

and we had a very exciting time.
What a joy that Eva started rehearsing
I hope nothing goes wrong now – I could not
bear it! – Tamara wrote that the opening
is on the 1st!! – What a pity – Do they
plan to go to N. York later? – I had a letter
from the agency in N. York about this wonderful
appartment we saw and loved it can be had (furnished)
1155 Park Ave. for 550 a month (it is cheap)
for 22 months beginning Dec. 1st
I am still stalling – probably will loose it
but it really is a wonderful deal! – What
to do, what do?? Such a temptation. Will you
come and live with us there? –
I forgot to write to grama about the
money – will you please tell her that
the 200 – she should change into cash
the doctors I will pay by check it is
for the house (I will enclose a note in polish
to her about it, so you need not tell anything
For your account I will enclose a check)
so you can draw on it if necessary OK?
Kate my darling – what a good wonderful
thing to have a friend like you! –
I love you very much – give my
love to Dottie – the chicken – Eva
the household – your ever
Nella R
