P. S. Eva is pleased that she is getting such good results from the Times writeup re her photography. (Was so surprised to suddenly see "For Lilo" - I was so familiar with it!) As Mr. Namuth says: "A feather in her cap!" So good for her at this time!.....

TO PARIS

Dearest Mrs. Rubinstein,

Eva told me you had a lovely birthday party for Mr. Rubinstein - I am sure it was! I hope he is feeling better - so many telephone calls asking "When are you coming?" Book reviewsreaction???? How are you feeling???? Johnny called from Cal. on the 28th?//Thought you might be here./ and he did send (after your call) the checks.

(Mr. Wilcox said he had had sciatica - so painful.) (Peter Munves back with Columbia)

Everyone OK here - was with Eva on Friday - and will be again this Wednesday. She is so full of enthusiasm and plans for her new "nest" - I tell her she will next be a member of A.I.D. (American Institute of Decorators).

Mr. Wilcox asked me for the children's addresses re the Schumann record, and said he was going to write you and Mr. Rubinstein.

...I had a nice "thank you" letter (note) from Mrs. Chapman.

Have sent a couple of letters to Mr. Rubinstein - and a $40.00 Dr. Carter bill for Mrs. de Stuckenbergh. Am enclosing bill from Kabot - your trip - to be paid from 0139 2268 account?

.... bitterly cold here now - bless those cozy boots of yours! - I think of you .... how you are - plans?

All my love - ever -
