Dear Mrs Rubinstein,

So good to talk with you - and, needless to say, wish things were better in Paris. I hope that they will have worked out satisfactorily to you by the time you had called when you receive this. - but what could be!!

Since your plans now are so indefinite - and I don't have the usual January 15th check to Mrs. de Stuckenbergh - $900.00 - I enclose an envelope addressed directly to her - as the mails now are so bad.

Have helped Eva a lot re papers and forthcoming exhibition - and she is well - and Alina and I have been in touch - thank goodness they are both over the nasty colds they had.

New York is 6° above today - Anita and baby (adorable) are staying with me while John and Johnny sand floors etc. in house.

My love to you -

CHC
