March 19, 1985

TO PARIS

Dearest Mrs. Rubinstein,

Following up my letters re checks, Mrs. Johnson's telephone account now straightened out, and so is Gristede's, - and Steinway confirmed that you had paid them. The whole thing has to do with computers. At any rate, here it is:

(Left w/chc) → check #536 - dated March 18, 1985 - to Barbara Johnson - for telephone from November 21, 1984, to January 12, 1985: $ 215.79
(not as bad as you had thought!)

(left w/chc) → Check #538 - dated February 28 - Morgan Manhattan $217.80

** Gristede's admitted computer errors. Check should be for (yours) $ 103.18

To confirm accounting on February 21: To send checks as follows:

1.	Bloomingdale's	$390.21
2.	Sherry Lehmann Inc.	89.30
3.	Citibank Visa	242.36
** 4.	Gristede's	103.18

And - would you believe it - your Social Security is still going to Alexander Grant! The reason we thought the February 2nd deposit was for January was because it had been sent to Mr. Seiden in Florida, then back to New York, - actually it was for December. / The January check was deposited March 4th. ALL IS OK! And now I am enclosing yet another form for you to sign, as when my husband deposited your ~~February~~ on March 11 check in our local branch (safer and quicker than the mails) one of the officers gave him the enclosed for you to sign, said he would see that it was taken care of at once, and could not understand why the transaction was taking so long. He (the officer) is ex-

tremely concerned that the New York Citibank has been so negligent. Mrs. McCord keeps saying she is trying to get it straightened out - I do keep after it, you can be assured, but somewhere along the line somebody is not - so if you will sign the form (now for the third time) I really believe there will be some action.

I am also enclosing two forms from Manhattan Storage, for you to sign in three places where marked with red X'S. They now want the copies signed as well.

....all else well here. Eva still surrounded in her apartment with hundreds of prints for her shows, and the Lodz book. She looks well.

We are suddenly having extremely cold weather - and in another two days it will be spring. Your cyclamen keeps blooming away so beautifully - we keep it in the kitchen window to enjoy it as much as possible. The smaller cyclamen has lots of buds but is lazy about blooming. Family coming down for Easter.

I have to be so careful about food - Johnny is on such a salt-free diet. Ham is out - I guess lamb will be in.

I do hope you are feeling better. I hope all is clear re the checks, etc.

Lovingly,

Hc
