Febr. 3.

Felix Darling, It is still many weeks away but as you know, time flies very fast these days and before we know we will have the plea-sure of seeing you here and hearing Arthur in our city. —

If you did not plan anything as yet, we will be very happy, very honored and very thrilled to give a supper after his concert March 19th

If it is alright with

you, please notify us and tell us whom do you want and how big a party it should be. —

I can't tell you, how happy I will be to see you again, Melik, my favorite girl friend, as you well know! — Here, the weather is glorious, sunny and warm and I will go in a pool in a matter of minutes. — The rest of the family sends their love to both of you and I join mine and many kisses too. Devotedly yours

Tamara
