Dearest Aunt Nela ~

I know how happy you must be today leaving the hospital ~ now you can get some rest! It was wonderful talking with you last night and hearing how well you sound. I'm being very strict with Stew about not overdoing, and you should be careful, too.

When you're up and around again, I do hope you come to New York. We'd love to see you. Please let us know your plans.

Stew really is doing very well, which I'm happy to report. He's so anxious to resume "normal living" again.

I'm having more back x-rays on Thursday and will let you know the results.

I had a lovely conversation with Alexa just before your operation. She sounded so positive about her future as well as excited. I can't remember hearing her so happy, and I'm so happy for her.

I've enclosed the clippings we discussed, as well as a review in New York magazine and a piece from Time magazine.

If there's anything at all we can do for you in New York, please just let us know ~ anything at all.

Please give our love to Aunt Doris and, of course, our love to you

Thinking of you, Jeralyn
