Dear Mrs. Clemans:

I'm sending this Allen-Stevenson bill on to you, to forward to Mrs. Rubinstein since I do not know her schedule. As I recall, Mr. Rubinstein told me he would be here in October but I do not know when.

The Club at Allen-Stevenson is a special sports program there. And, for some reason, they bill separately, for this and I guess other items. Perhaps all schools work this way.

As I said earlier, I knew that Jason did not have the library books from Dalton and he appeared to know nothing about them.

His grades are excellent, the teacher says he is thriving, so this school decision was a marvelous one.

I look forward to seeing the Rubinsteins when they are here. Jason keeps hoping his Grandpapa will come to his new school; it seemed they asked for one of his records in music class. Jason's ever started playing the piano, how about that?

Best,

Leslie
