Jan. 14-69

Hello my darlings — at last a day comes when I can close my hand enough to hold a pen tho' the wrist doesn't work too well. I was so unhappy at Christmas not to be able to be in communication with you. This dam arthritis can play havoc. We had a wonderful visit from John & Flora Shorth

after his birthday.
Marguerite cooked them
a wonderful dinner
John looked wonder-
ful - had been put on
a few pounds. I was
so happy to see
him and he was full
of wonderful stories.
I know by the NY Times
Mr. Rubinstein played
in NY Jan 5 - hope
you are still there.

M. bought a beautiful
stereo for our Christmas.

It has a lovely tone and we have been playing my Rubinstein records like mad. It is heavenly to hear them again.

I will try to write to Lali for her birthday — is she happy in NY?

Forgive the hens tracks ——

Much love to both of you.

your ever loving

Kate
