Dear Annabelle,

I was very happy to hear from our New York office that the Maestro is finally better and you are back in Paris. On Isaac's birthday we all very much enjoyed seeing the video screening of the Maestro greeting Isaac. It was part of a very lovely party. My only sorrow was that you both were not with us.

I hope the Maestro's health will go from better to perfect, and that as soon as the summer heatwave is over, we will see you both here.

With warmest regards, and lots of love,

Yours,

Ruth Cheshin
