Dear Mr. Rubinstein,

It has occurred to us that it would be a very fitting conclusion to the series of five concerts which we are doing together this Autumn in the Royal Festival Hall if a reception in your honour were given after the last of these concerts (i.e. on Friday, 18th November), invitations to which would be sent to the leading personalities in the world of music in London.

If Mrs. Rubinstein and you would care to accept this proposal would you please let me know and I shall have the necessary invitations sent out. If at the same time you would care to let me have the names of any particular friends to whom you would like invitations sent, would you please do so.

Yours sincerely,

T. O'Dea
General Administrator
