Dear Maestro

Herewith a photocopy of a letter from the Chairman of the Manoel Theatre in Malta.

I don't suppose it will radically affect your view but if you would like to go to a nice place for a few days it is a fact that Malta in April, May or June is a very beautiful place. The theatre, too, if the most beautiful theatre I have ever seen.

Perhaps you could tell me on Wednesday afternoon what you think about this possibility.

Fond greetings

Michael
