Dear Maestro

Thank you very much for the letter of your secretary which arrived this morning. I shall be delighted to go and hear Avi Schoenfeld and will secretly give you my honest opinion after the concert next Tuesday.

I was, as ever, delighted to see you last week and cannot tell you how thrilled I am that I may present you in concert later this year. You are marvellously generous, as ever, to agree to play in Stratford under my management - you are aware of the particular thrill it will give both my parents and I! And, indeed, Rachel too seeing that it is her birth town as well.

I wonder if you would also like to do some other recitals in other towns such as I mentioned before? I also wonder if you would like to give either one or two concerts for young people like the one you did in the Albert Hall during the Westminster Festival?

Your last Albert Hall concert for young people remains in my mind as one of the most marvellous afternoons I can ever remember.

I am so glad that Mrs Rubinstein is completely recovered and up and about. It was really nice to talk to her on the telephone.

I send you both fond greetings and look forward to seeing you shortly again in London.

As ever

Michael
