With Our Love MOTHER

AT CHRISTMAS

I hope this little card brings the love I send with it on this Christmas Day.

From your loving children,
Erva and
Paul

I hope you like the books were sending you. Love Paul

As we wish you
Merry Christmas
We are thinking, MOTHER Dear
Of how very much you mean to us
At all times of the year
And with this Christmas message
We're adding deep love, too
And countless happy wishes
For the year ahead of you
